What a fantastic year it's been for 9Lies!

It was the year which saw the 'Behind It All' album being released to critical acclaim, with massive radio airplay around the globe, and all without a record company being involved! It was also the year which saw the song 'Blind' being snapped up by Warner Brothers, and 'Behind it All' the title track from the album finding a new home as theme tune to reality TV show 'Our Prisoner' in the USA. We've been beamed up and down from satellites around the world more times than we care to remember.

In the last 6 months alone 9 Lies have travelled to Poland to play the Vena Music Festival to thousands of screaming fans, licensed a song (We R1) to **Techno Sweat** for use on their exercise Music CD's, 18000 people joined us on our 2 International Myspace sites and in the last 3 months we've gathered over 900 groupies since joining the Bebo social networking site, with fans placing our songs on over 1500 of their play lists!

The Song 'Slippin Away' has not only been downloaded online during the last year more than 37,000 times, but has more recently been chosen by **ASCAP** for excellence in song writing at the ASCAP Music Expo 07 in L.A.

Download sales on digital sites such as iTunes and Rhapsody have remained strong, as have Material Worldwide CD sales from our **Online Music Store** , and all of this is down to you!

Thank you!!!

It doesn't end there though! The new album 'Halfway from Nowhere' is almost finished and sounding absolutely fantastic!! If you haven't already done so, then join the **9Lies Mailing list** for free, to be kept up to date and receive free member offers!
